

Intermediate - Advanced Jewellery | Term Two, 2024

Self-directed learning with tutor input. This class is an opportunity for you to spend more time in the jewellery studio, working on your own designs and/or experimenting with new ideas and techniques. Group discussions on design and process, with demonstrations delivered as required. You will be encouraged to try new materials and techniques. This class is a great follow-up to Jewellery Club on Mondays, and/or if you wish to explore your creativity in a range of materials and styles.

Content

- Develop design ideas, while learning how to balance function and form
- Participate in class discussions, bouncing ideas off your fellow students and tutor
- Your tutor will offer feedback on work-in-progress and demonstrate techniques as required
- Discover new techniques and bench tips to assist with your design and fabrication skills

Objectives

- Learn the value of allowing yourself time to play with ideas
- Build confidence in your design and fabrication skills
- Develop an understanding of how you can mix materials and processes to meet your design specifications
- Learn and practice techniques to incorporate into your design

Outcomes

- Develop and expand your creative processes
- Gain confidence in your skills and abilities
- Experiment with materials and designs
- Creativity Projects you will be able to work towards include, but are not limited to: Level 5 - CP1 Challenge, CP2 Synthesise, CP3 Apply, CP4 Identify
