
Photography | Term Two, 2024

Learn photography - either digital or analogue - through creating a unified body of work which shows how your creativity and skills have developed.

Make it work for you!

We can also cover social media, how to get the best from it, as well as photography for jewellery, sculpture and painting.

Suitable for all levels.

Content

Camera controls, exposure, and post production

- * Darkroom Black and White developing
- * Introduction to digital media
