

Continue your hot art's projects in this class. Suitable for students who have some previous experience knife making and sculptural casting of bronze and aluminium. Intermediate and advanced students wanting space to work on their own mixed media sculptures are also welcome to join this class. Ideal for students with one or more terms experience in Hot Arts.

Content

We'll continue working on casting and knife projects, with opportunities to expand your creative practice through experimentation with sand casting, considering more complex lost wax projects and bronze patination. Knife makers - challenge yourself with new forms and fittings, and investigate the intersection of functional knives and art pieces.

Objectives

Continue your projects and challenge yourself with new processes and forms.

Outcomes

- * Develop a greater understanding of casting principles
- * Explore new and more complex designs
- * Experiment with material and process
